TIME TRAVELING HELPS LOCAL BOYS & GIRLS CLUB
BWP donates *Selected Shorts and Other Methods of Time Travel*

LOS ANGELES, CALIF. – April 20, 2011

Blue World Publications recently released *Selected Shorts and Other Methods of Time Travel*, a carefully crafted book about the perils of time travel as well as its moral and social implications for the future. However, *Selected Shorts and Other Methods of Time Travel* is not all doom and gloom; the publisher has an eye for helping others and this book is their very own way of doing so.

As *Selected Shorts and Other Methods of Time Travel* takes a look at the future, Blue World Publication does the same from the point of view of today's youth. Since the youth is our future, Blue World Publications is doing its part to ensure the safe and positive development of the youth, specifically through the local Los Angeles branch of the Boys and Girls Club of America. The Boys and Girls Club's official mission aims "To enable all young people, especially those who need us most, to reach their full potential as productive, caring, responsible citizens." For Blue World Publications, volunteering is also a way of saying thank you. It's a way of recognizing the countless others who, in big ways and small, have made life richer and better through donations of time and effort. We understand that time is more valuable than money, so if you don't have time to volunteer, you surely have some amount of disposable income to help. \$20 can go a long way.
